

Faculty Development Program
Advanced Characterization Techniques
(ACT-2022)

In Collaboration With

Indian Chemical Society, Kolkata

from

25th July 2022 to 30th July 2022 (Online mode)

Web Page- <https://www.cuchd.in/act2022/>

Organized by
Department of Chemistry
University Institute of Sciences (UIS), Chandigarh University,
Mohali, Punjab, India-140413

About Chandigarh University:

Chandigarh University is a leading Indian institution offering its students a unique amalgamation of professional and academic excellence. Today, Chandigarh University is among the top 5% of universities in India to be accredited with the prestigious NAAC A+ Grade and ranked among the top 1.7% of institutions in Asia as per the QS World Rankings for the Asian region. The dual vision of innovation and excellence has made the University students favourite destination to fulfil their academic and career goals.

About Department of Chemistry (UIS):

The discipline of chemistry is enormous and constantly changing, with various subfields. The Department of Chemistry at the University Institute of Sciences was established in 2017. The department has efficient and highly competent faculty members whose work is internationally recognized. It provides inspirational and experimental learning through a globally recognized curriculum focusing the industrial needs. The methodology at the Department of Chemistry ensures a perfect balance of theory and practical knowledge throughout the course. Since its inception, the Department of Chemistry has been committed to cutting-edge research in various disciplines.

About the FDP:

Faculty development is the main factor in enhancing the faculty's professional education and competence. Enriching the faculty in key domains of teaching and research is perceived to improve educational environment significantly and enhance learners' performance. The faculty development program has been considered a stand-alone educational pedagogy in fostering faculty knowledge and professional skills. Chemistry department, has planned faculty development program to provide a platform for academicians to share and disseminate their knowledge. This year again Chemistry Department, Chandigarh University is hosting a Faculty Development Program to instil faculty with the potential to develop their skills. The chemistry Department is organizing a Faculty Development Program on "**Advanced Characterization Techniques**" (ACT-2022) from **25th July 2022 to 30th July 2022** in online mode.

Registration Fee: Rs 300/- only

Last Date of Registration: 23rd July 2022.
