

**Indian Chemical Society, Kolkata
Bhagalpur Chapter**

**A
NATIONAL SEMINAR
ON**

Recent Trends in Chemical Research

Date: 28th Feb 2022 to 01st Mar 2022

(10:00 am – 6:00pm)

Organized by

University Department of Chemistry

T. M. Bhagalpur University

Bhagalpur – 812 007, Bihar, India

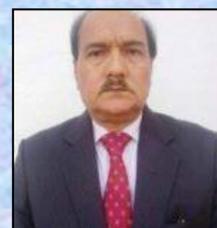

Chief Patron

Prof. Hanuman Prasad Pandey
Hon'ble Vice Chancellor
T. M. Bhagalpur University, Bhagalpur

Patron

Prof. (Dr.) Ramesh Kumar
Hon'ble Pro-Vice Chancellor
T. M. Bhagalpur University, Bhagalpur

Director

Prof. M. P. Sah
Head, University Department of Chemistry
T. M. Bhagalpur University, Bhagalpur

Convener

Dr. Ashok Kumar Jha
Chairman, ICS Bhagalpur Chapter
University Department of Chemistry
T. M. Bhagalpur University, Bhagalpur

National Advisory Committee

1. **Prof. D. C. Mukherjee,**
Former President and Advisor,
Indian Chemical Society, Kolkata

2. **Prof. Chittaranjan Sinha,**
Honorary Secretary, ICS, Kolkata
Professor & Head, Department of Chemistry,
Jadavpur University

3. **Prof. Sudip Das,**
Treasurer and Professor & Head,
Chemical Engineering, Calcutta University

4. **Prof. Samaresh Bhattacharya,**
Editor (HQ) Journal of Indian Chemical Society,
Professor, Department of Chemistry,
Jadavpur University, Jadavpur

5. **Prof. Anindya Dutta,**
Professor of Chemistry, I.I.T. Bombay,
Department of Chemistry, T.M.B.U., Bhagalpur

6. **Prof. Ajit Kumar Saxena,**
Professor and Head,
Department of Pathology/Lab Medicine,
AIIMS, Patna

Local Organising Committee

1. **Prof. Sheo Satya Prakash**, Treasurer, Indian Science Congress Association, Kolkata
2. **Dr. Raj Kamal Sahu**, University Department of Chemistry, T.M.B.U., Bhagalpur
3. **Dr. Rabindra Kumar**, University Department of Chemistry, T.M.B.U., Bhagalpur
4. **Dr. A.N. Sahay**, University Department of Chemistry, T.M.B.U., Bhagalpur
5. **Dr. Rajiv Kumar Singh**, T.N.B. College, T.M.B.U., Bhagalpur
6. **Prof. Bindeshwari Singh**, M.A.M. College, T.M.B.U., Bhagalpur
7. **Dr. Usha Sharma**, G.B. College, T.M.B.U., Bhagalpur
8. **Dr. Nishant Singh**, University Department of Chemistry, T.M.B.U., Bhagalpur
9. **Dr. Badri Nath Jha**, University Department of Chemistry, T.M.B.U., Bhagalpur
10. **Sri Rajendra Kumar**, Department of Chemistry, P.B.S. College, Banka
11. **Sri Subhajit Sikdar**, Department of Chemistry, P.B.S. College, Banka
12. **Dr. Sourav Majumder**, Department of Chemistry, Kaliachak college, Malda
13. **Dr. Ujjwal Kumar**, Department of Pathology/ Lab Medicine, AIIMS Patna
14. **Dr. Kiran Kumari**, Univ. Deptt. of Chemistry, TMBU, Bhagalpur
15. **Dr. Anjana Kumari**, Univ. Deptt. of Chemistry, TMBU, Bhagalpur
16. **Mr. Sachin Verma**, SRF, Univ. Deptt. of Chemistry, TMBU, Bhagalpur

Invited Speakers

1. **Prof. D. C. Mukherjee,**
Former President and Advisor,
Indian Chemical Society, Kolkata

2. **Prof. Chittaranjan Sinha,**
Honorary Secretary, ICS, Kolkata
Head, Department of Chemistry,
Jadavpur University

3. **Dr. Anindya Dutta,**
Department of Chemistry, I.I.T, Bombay

4. **Prof. Ajit Kumar Saxena,**
Head, Department of Pathology and medicine,
AIIMS Patna

5. **Prof. Sudip Das,**
Department of Chemical Engineering,
Calcutta University, Kolkata

6. **Prof. Bhabatosh Mondal,**
Department of Chemistry,
Viswabharati Santiniketan University,
Santiniketan

Registration link:- <https://forms.gle/XTvVgp1sKXYeaLzT7>

Registration Fee

Faculty and others- 1000/-

Research scholars – 500/-

Students – 300/-

Time line

Last date of abstract submission – 08th February, 2022

Notification of acceptance of abstract – 10th February, 2022

Call for Paper

The name(s) and address (es) should follow the title of the Abstract. The Principal author should be marked with an asterisk (*) and the author who would be presenting the paper should be underlined. Not more than two papers will be accepted from any author in single or joint authorship. The abstract should reach the Convenor by Email: ashokjha39@gmail.com, ics.bhagalpur@gmail.com

Poster Specification

- ❖ 1 m × 1 m space would be provided for each poster.
- ❖ Poster presentation will be done by Faculties, Research Scholars and Post-Graduation Students.
- ❖ Best poster award will be given.

Themes of the seminar

- Heavy Metal Remediation
- Cut on Carbon Emission
- Green Chemistry and technology
- Medicine and Bio-technology
- Sustainable Chemistry

Invitation

This is to bring to your kind attention that Indian Chemical Society, Bhagalpur Chapter is going to organise a National Seminar on “Recent trends in chemical research” on 28.2.2022. The seminar is being organised with a view to promote research among the faculties, students and scientists.

Chemical sciences have been serving mankind from the very beginning and chemical researches help ameliorate the socio-economic condition of a large chunk of the population. Recent trends in chemical research have led to the development of innovative technology in green energy, carbon emission, agricultural practices, nanodrug applications and remediation of heavy metals. The programme would consist of scientific sessions including invited talks, contributory papers and posters. Many eminent scientists and IITians have given their consent to deliver lectures in the seminar.

About the University and Department

Tilka Manjhi Bhagalpur University, formerly known as Bhagalpur University, has been a leading university in the eastern zone of Bihar bordering West Bengal and Jharkhand. Situated at the bank of the holy river Ganga, it caters to the need of higher education as per the aspirations of the students of Bihar along with other students from neighbouring states like West Bengal, Orissa, Jharkhand and country, Nepal. The University has been providing academic leadership to the region with its well-developed infrastructure in the field of teaching and research. In its history of fifty seven years, the university has attained several landmarks in teaching and research generating human resource for social, economic and scientific growth of the society, state and the nation primarily based in the rural region of the state sprawling over two districts.

The University Department of Chemistry has been assiduously shaping the needs of research activities of the youth right from its day of foundation in 1964. Within a brief span of time, Prof. A. K. Bose; founder Head of University Department of Chemistry, along with other distinguished faculties created their own space in the realms of teaching and research. The Department has been successful in establishing itself on the map of the country. The teachers have also nourished the Department to carry forward the advancement of learning.

About Bhagalpur City

Bhagalpur City has a glorious past as well as shining present. Vikramshila was one of the two most important centres of learning in India during the Pala Empire along with Nalanda. Vikramshila is located at about 50 km east of Bhagalpur. Vikramshila was established by king Dharmapala (783 to 820) to maintain the quality of scholarship. Vikramshila, the premier University of the era, was destroyed by Bakhtiyar Khilji along with the other major centres of Buddhism in India. Vikramshila was a centre of Tantric preceptors. Stupas, built for the purpose of worship, are a brick structure in the centre of the square monastery. The Vikramshila site is the place for Vikramshila mahotsav which is held annually. There has been inflow of the sacred Ganges River. Bhagalpur situated on the bank of the Ganges is known as the silk city owing to its vast scope of silk export and economy of the town depends on the silk woven world class sarees. In ancient times, Champa in Bhagalpur was the kingdom of Danvir Karna as per references from Mahabharat. The place known as Anga Kshetra was famous for trade, wealth and religion. Kabi Guru Rabindra Nath Tagore, Nobel Laureate spent some part of his precious time in Tilha Kothi, Bhagalpur now known as Rabindra Bhavan where he penned some portion of his famous book "Gitanjali". Birth anniversary of poet Rabindra Nath Tagore is celebrated by Department of Bengali, T. M. Bhagalpur University and Bihar Bengali Samity. The silk city had a deep connection with late Sarat Chandra Chattopadhyaya, great Bengali novelist. He had come in 1884 to stay at his maternal uncle's house in Bhagalpur where he began his early education at Durga Charan Balak Vidyalaya. Sarat Chandra went on to pen famous Bengali novels like Devdas, Srikant and Pather Dabi.
