INDIAN CHEMICAL SOCIETY (ICS), one of the oldest learned bodies of national pride, established on May 09, 1924, with Acharya Prafulla Chandra Ray, the doyen of chemical sciences in India, as its first President, is celebrating its centennial year in a befitting manner by organizing several programs in Kolkata as well as other important places of our country throughout the year.

INDIAN CHEMICAL COUNCIL (ICC), the apex national body representing all sectors of chemical and allied industries, was founded in 1938 as the Indian Chemical Manufacturers Association (ICMA) by Acharya P.C. Ray and Dr. B.D. Amin along with a group of industrialists in Kolkata. With the passage of time ICMA not only changed its name to Indian Chemical Council (ICC) but its headquarter was shifted to Mumbai. ICC, represents all branches of the Chemical Industry in India such as Organic & Inorganic Chemicals, Plastics & Petrochemicals & Petroleum Refineries, Dyestuffs & Dye-intermediates, Fertilizers & Pesticides, Specialty Chemicals, Paints, Leather Chemicals, Lube-Additive Manufacturers etc. ICC also has membership from leading Logistic companies.

Every year, the Eastern Regional Office, Kolkata, organizes the Acharya Prafulla Chandra Ray Memorial Lecture on topics of the world's latest trends and technologies in the field of Chemistry.

This year, a National Seminar on “Chemistry in Pharmaceutical Industry” will be organized jointly by Indian Chemical Council and Indian Chemical Society on 3rd August 2024 as a part of the centennial celebration of the ICS.

OBJECTIVES OF THE SEMINAR ARE:

- To provide a platform for researchers to share their research findings, best practices, and experiences**
- To discuss the latest trends and breakthrough in drug development, including drug formulation, delivery systems etc.**
- To discuss the impact of government policies, pricing strategies, and healthcare reforms on the pharmaceutical industry and drug manufacturing**
- To provide ample opportunities for attendees for networking, forming new professional connections and collaborations**

TOPICS FOR INVITED PAPERS/ POSTERS :

- Analytical Tools
 - Formulation Technologies
 - Advanced Drug Delivery Systems
 - Separation Technologies
 - Drug Discovery And Screening
 - Nano-materials
 - Toxicological Studies Of Drugs
- THERE WILL BE A FEW INVITED LECTURES FROM ACADEMIC INSTITUTIONS AND INDUSTRIES
 - Participants are requested to fill up the registration form (<https://forms.Gle/qec9gixawajqcp86>) for participation
 - Last date of registration: 27th July 2024
